Mr Miloud Chaabi president of Ynna Holding has inaugurated industrial complexes and Super Steel Ynna Cerame in the presence of Mr Ahmed Reda Chami minister of industry, trade and new technologies.

With an investment of MAD 2 billion, the projects are fully consistent with the commitments of development Miloud Chaabi group in the region Chaouia Ouardigha.

Steel Ynna

First Draft Iron & Steel Group for the production of reinforcing bars by hot rolling. Ynna Steel intends to become a major player in the steel industry sector in Morocco offers of high quality products which meet the growing needs of steel works. Team of the latest technologies, the complex Ynna Steel is extended over 14 hectares, has an annual production capacity of 400,000 tonnes

and generated 300 direct jobs and 600 indirect.

Cerame Super Berrechid

Third Super Cerame site after those of Kenitra and Casablanca, specialized in the manufacture of ceramic tiles, this new unit has Berrechid strengthens the position of Super Cerame in his walk. Endowed with the best technologies and most innovative of the procedures, Super Cerame Berrechid is the first unit of its kind in Africa. Spread over 12 hectares, it can produce 7 million m² of ceramic tiles per year for its first installment and has enabled the creation of 250 direct and 500 indirect jobs.

Sustainable Dynamique

Resolutely committed to sustainable development, the group Miloud Chaabi through its industrial Berrechid again puts into practice his approach of Dynamique sustainable and aims to become a benchmark Management reconciling economic performance, social responsibility and environmental protection.

The launch of Steel and Super Ynna Cerame Berrechid reinforces the positioning of Miloud Chaabi group as a leader in the business segments in which it operates and as a precursor in Group trades has high value added and high creation of employment.

Projects Chaouia Ouardigha Miloud Chaabi group, both industrial and tourist estate account for over 8000 jobs create an overall investment in the region of MAD 11 billion.
